## About This Game

**Once a paradise**, the world of Arden has been transformed into a post-apocalyptic stick figure nightmare! Kingdoms that were peaceful are now at war with each other, country roads that used to be safe are now set upon by bandits! To make matters worse, people that were once themselves have woken up to a new transformed state: a human blacksmith may now be a dog, and roving groups of Faerie Dinosaurs stalk the land.

**You have been called** to gather a band of brave adventurers and.... well, figure this stuff out. Find out what's going on. Put a stop to it. Hopefully turn everything back 'round to normal. The usual brave adventurer stuff.
